

Exclusive Radiators

[Spiral 720]

New Exclusive Product from Radiator Centre Ltd

New Breaking new ground in radiator design, the Spiral range has been developed with pioneering technology. The rectangular-section stainless steel bars are twisted uniformly along their length using a patented machine and tooling to create an arresting visual effect. The exciting new 720° design incorporates three full twists along each of its nine bars, revealing alternating brushed and polished surfaces. 180° & 360° twists are also available (price on application - please call)
