

# [ Centurion ]

**106.0 - 231.0** watts per section  
90/70/20 Δt 60°C EN442

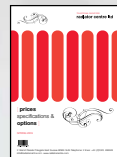

**Centurion** For period properties and traditional furnishing styles, the new Centurion cast iron column radiator exclusive to the Radiator Centre Ltd is the perfect heat emitter. Its scrolled relief patterns and Victorian looks transform the Centurion from humble radiator to a stunning reproduction centrepiece. This free standing model is supplied in sections to suit required outputs and is finished in an attractive umber grey or black primer, although it can also be painted. We supply these models in standard configurations of: 3 to 30 sections in 470/570/670mm heights and 3 to 15 sections in 750/950mm heights. Bespoke lengths can be made (from 15 sections upwards) and details for these configurations are available upon request. Please note that these models are supplied from the Radiator Centre Ltd in a Grey or Black primer finish as standard.

**Specification**
