

# [ Victorian 3 ]

**Victorian 3** The classic simplicity of the Victorian times, the three column cast iron radiator combines the elegance of a bygone era with the importance of high efficiency space heating. The Victorian 3, a three column cast iron radiator will blend with either traditional or contemporary setting and yet is a perfect heat transmitter. This radiator is available in three heights and can be supplied with the traditional wheelhead and lockshield valve set or the crosshead angled valve set to complete the authentic period finish

The maximum number of standard sections is 17 therefore you can choose the desired length of this model.
