

[Victorian 9]

Victorian 9 The Victorian 9 cast iron radiator is a size suitable for unusually hard to heat areas. Compact and robust the Victorian 9 has a high output of heat and comes complete in a variety of finishes. All our cast iron radiators are carefully hand built to your own required size and fully assembled ready for plumbing into your new or existing pipework. The maximum number of deliverable sections is 30. However, further lengths can be made by joining sections on site, therefore you can choose the desired length of this model.
